Which natal house(s) does Jupiter retrograde occur in for you? What does this house rule? How could there be lazier energy than usual, and with what? What could be excessive, and how can you manage excess? What karmic energy might pop up? How can you use your intuition better with whatever the house(s) rules? Potential impact & plan to manage:

JUPITER RETROGRADE SQUARE SATURN: DECEMBER 24 2024 @ 14 DEGREES

Jupiter only makes one aspect while retrograde, and that's a square to Saturn in Pisces. With Jupiter ruling expansion and Saturn ruling restriction, this can bring difficulties with balancing the two, yet it's more important to do so.

Need to:

- balance discipline with expansion
- merge optimism with realism
- be responsible with opportunities
- work through past issues with any of this

You can feel it most challenging if you have any planets or bodies at 11-17 degrees of Gemini, Virgo, Sagittarius, or Pisces. Whatever the planet or body rules, focus on opening up more and working through an old issue. What do you need to work on, and how can you accomplish this:
