Your planets of house cusps at 26 degrees Aries, Cancer, Libra, or Capricorn:

26 degrees Cancer: July 23rd - 25th

26 degrees Cancer is a critical degree, and we can be emotional, sensitive, and subjective. If you have any planets or house cusps at 26 degrees Aries, Cancer, Libra, or Capricorn, this can be heightened for you.

29 degrees Cancer: July 19th - 20th

29 degrees of any sign is the anaretic degree and a point of crisis energy. In Cancer, it can be extra emotional and sensitive, and we need to have enough emotional comfort and support that we don't get thrown off.

How can you give yourself enough emotional comfort and support?
