JADE
CRYSTAL:

RITUAL:

Focus on balancing your chakras to help you feel more balanced. Sit or lay down quietly. Imagine a ball of bright light coming down from the Heavens, and then going from the top of your head, then through your forehead, throat, heart, solar plexus, navel, and the base of your spine. Let the light emerge with any blocks, and go back to the Heavens.

RITUAL:

Aries is a fiery sign, so work on controlling that. Take something red - a small stone or piece of jewelry, a handkerchief, even a red lipstick or nail polish - and hold it in your hands under the Full Moon. Imagine your passionate energy flowing it. Whenever you need to channel some passionate energy, keep it with you or wear it.
