**RITUAL:**

Sagittarius is the Archer, so focus on your primary "target". Sit and reflect on what you want and how you'll get there. It may help to write it all down, and take it out periodically to remind yourself of what you're aiming for.

**RITUAL:**

Gemini is the sign of the mind and this Full Moon can make words powerful. Stand in front of a mirror and speak to it what you want to create and manifest. Believe that your words will speak it into existence.
