PLUTO RETROGRADE 2024

ANARETIC NEPTUNE IN PISCES SEPTEMBER 1ST - NOVEMBER 19TH

This supercharges the energy of the planet, so we're looking at massive transformations. Can be especially strong around the turn direct since that occurs at the anaretic degree.

List any planets or bodies in your natal chart you have at 29 degrees, what they rule, and how you can work with them during Pluto retrograde in Capricorn:

Need to:

- finish an important cycle that began over a decade ago
- make final transformations
- take control of your path in life
- empower your goals

Any natal planets or bodies at 29 degrees of any sign can get triggered in a big way, so give extra attention to them.
