

# Be-Good Pisces

Pisces is the very last sign in the Zodiac, so this sign understands many experiences in life, making it highly compassionate and empathic (being a Water and Mutable sign helps!).

Aquarius rules causes we champion and things like charities, but Pisces is the sign who gets its hands dirty and actively, personally gets involved to help others. Aquarius does this from more of a distance, while Pisces is the one actually involved.

Use Pisces Season to do some good - personally! Get actively involved to help others. This may be through volunteer work, or just by being a more helpful friends or relative.

This helps you too - Pisces feels great when it's helping! - and generates some good energy that can help with things like manifesting.

## POSITIVE PSYCHOLOGY FOR PISCES SEASON

Keep track of all of the good that you do during Pisces Season and come back to it when you need a reminder of how awesome you are!
