SATURN RETROGRADE 2024

Which natal house(s) does Saturn retrograde occur in for you? What does this house rule? How could there be more restrictions than usual, and with what? What could be limited, and you have to work through that? What lessons might pop up? How can you use clear karma or past baggage with whatever the house(s) rules? Potential impact & plan to manage:

SATURN RETROGRADE ASPECTS

Note the major aspects Saturn makes to your natal planets while retrograde, when they will impact you, their potential impact, and how you can deal with them:

SATURN RETROGRADE 2024

SATURN RETROGRADE SQUARE JUPITER: AUGUST 19 2024 @ 17 DEGREES

Saturn only makes one aspect while retrograde, and that's a square to Jupiter in Gemini. With Jupiter ruling expansion and Saturn ruling restriction, this can bring difficulties with balancing the two, yet it's more important to do so.

What do you need to work on, and how can you accomplish this:

Need to:

- balance discipline with expansion
- merge optimism with realism
- be responsible with opportunities
- work through past issues with any of this

You can feel it most challenging if you have any planets or bodies at 14-20 degrees of Gemini, Virgo, Sagittarius, or Pisces. Whatever the planet or body rules, focus on opening up more and working through an old issue.

SATURN RETROGRADE 2024

PISCES LUNAR ECLIPSE SEPTEMBER 17TH 2024 (10:35PM ET/7:35PM PT) 25 DEGREES 41 MINUTES PISCES

Not conjunct Saturn, but still makes it even more important to work through issues, baggage, and karma. This eclipse can at least trigger subconscious movement, and so focus on what you can work through that requires you to dig especially deep.

What subconscious issues, past baggage, and karma do you need to work on with this eclipse, and how:

Major aspects are 20 degrees 41 minutes - 29 degrees 59 minutes of:

Pisces - conjunction

Taurus, Capricorn - sextile

Gemini, Sagittarius - square

Cancer, Scorpio - trine

Virgo - opposition
