About the Virgin:

Virgo Season is upon us! Virgo is the sign that rules **work**, and not just the work we do professionally, but also the work we do in our regular personal lives, at home, and with family. Tasks and chores and projects are all work too! This means Virgo Season tends to be a time when we want to try to tackle all of the little things that need to get done, and finally shrink that long list of things to do to a more manageable size. This is the season of the worker bee!

Virgo rules **productivity and efficiency**, so we don't just want to tackle tasks, chores, projects, and work -- we also want to get these things done as quickly as possible with as few errors as possible. We can focus on how to use the least amount of effort, so we can maximize the energy we have to get even more done. And the more we do, the more we may want to do. Being productive inspires us to keep going!

Virgo rules our **daily lives**, so we may want to work on streamlining our daily lives to be more efficient and get more done, and to maximize the time we have. We can tweak our schedules and routines and regimens during Virgo Season.

Virgo is a **practical** Earth sign, so we can be more practical during Virgo Season. It's not necessarily the time to be lackadaisical and rest on your laurels dreaming the day away. It's time to see what you can do and make things happen in a tangible way.

Virgo is ruler of **health**, so Virgo Season can be a good time to not just tend to the work that needs to be done in your life, it's also a good time to focus on the work that needs to be done for your body. Are you eating right, getting plenty of exercise, drinking enough water, getting enough sleep? Have you had your routine checkups? Virgo wants you

to be as healthy as possible so you can get even more done! So stay on top of your physical health during Virgo Season.

Virgo also rules **stress**, being a mutable sign which can get scattered at times, and being an Earth sign wanting to get things done. We may push ourselves too much to do too much, and while we certainly can get more done, we can also push ourselves off of cliffs if we're not careful. So while you're improving your plans and schedule and routine, also make sure to leave room for some time off to de-stress.

So, have a happy birthday season to the Virgos! And to everyone else - find your inner worker bee ;)

What to do during Void Moon periods:

When the Moon is void-of-course, it has made its last major aspect in the sign the Moon is touring, and is now just moving toward the new sign. This is sort of an aimless period for the Moon, so Void Moons are good for slowing things down, getting rest, tying up loose ends, and finishing things you've already started. This can be a challenge during Virgo Season, which wants constant productivity, so these can be good periods to use to remind you to take breaks (to avoid the stress!).

They're not seen as particularly good periods for anything new, unless you want nothing to come of it. The exception is if you have any natal or progressed planets at 29 degrees (the anaretic degree). This means the Moon is moving to aspect your anaretic planet, and therefore is still giving you energy personally. You may feel invigorated while the rest of us are slumping!

I CAN
SLEEPWORK.

Quarter Moon Phases During Virgo Season 2019

4th Quarter Moon Phase

August 23rd 10:56AM ET/7:56AM PT

Keyword: CLEAR

Moon Location: 0 degrees 11 minutes Gemini

4th Quarter Moon phases focus on clearing out and cleaning up to make room for the new energy coming with the New Moon phase. This can be a quieter time when we're focused on preparation. This phase kicks in right at the start of Virgo Season, so we may want to spend the first period of this season cleaning and clearing to make us even more productive when the New Moon hits.

What can you clear out and clean up during the 4th Quarter Moon phase?

New Moon

August 30th 6:37AM ET/3:37AM PT

Keyword: BEGIN

Moon Location: 6 degrees 46 minutes Virgo

The New Moon phase is a time of new beginnings, new ideas, new plans, and new energy. We can focus on what we're enthusiastic about pursuing, and feel positive about opportunities. This New Moon in Virgo kicks up the Virgo Season energy, and we can start projects and plans and increase productivity.

What new ideas, plans, and opportunities can you focus on with the New Moon in Virgo?

2nd Quarter Moon Phase

September 5th 11:11PM ET/8:11PM PT

Keyword: ADJUST

Moon Location: 13 degrees 15 minutes Sagittarius

2nd Quarter Moon phases tend to focus on adjustments that need to be made. We've started new with the New Moon and are charging toward the Full Moon, where we reap what we've sown. This phase is the time for us to be flexible so we can improve our chances of succeeding with the Full Moon. In Sagittarius, we may need to think bigger, take a chance on ourselves, and have an optimistic outlook.

What adjustments can you make, or how can you be more flexible, during the 2nd Quarter Moon phase?

Full Moon

September 14th 12:33AM ET / September 13th 9:33PM PT

Keyword: CULMINATION

Moon Location: 21 degrees 5 minutes Pisces

The Full Moon phase brings the climax of the Moon, and therefore brings culminations, endings, and we reap what we've sown. We can experience success and make progress, or we can experience setbacks, delays, and failures. Emotions run high with Full Moons, and that's especially true with Pisces, so it can run extra strong with this Full Moon. Endings may also be more prevalent with this Full Moon since Pisces is the last Zodiac sign.

How can you manage developments with the Full Moon, and have proper outlets for your emotions?

4th Quarter Moon Phase

September 21st 10:40PM ET/7:40PM PT

Keyword: CLEAR

Moon Location: 28 degrees 48 minutes Gemini

Just before Virgo Season ends, we have a 2nd 4th Quarter Moon phase, the same phase to kick off the season. We can come out of Virgo Season trying to clean up and clear out, tying up the last little things that we need to finish before the next season starts and our focus shifts away from everything that needs to be done.

What can you clear out and clean up during the 4th Quarter Moon phase?

☾ Lilith During Virgo Season 2019

The dark lady, Black Moon Lilith (a dark pixie!) is in Pisces for the rest of this year, and goes from 12 to 15 degrees during Virgo Season. Lilith in Pisces tends to be more subdued for Lilith. Lilith wants to break out, shake up the patriarchy, and be true to itself. But Pisces doesn't like doing that too much! So we may try to make changes quietly, in subtle ways that don't grab too much attention. Where we may see more of a fighting spirit come out is when we're helping the helpless, and need to stand up for the defenseless. We may want to punch the heartless in the mouth!

This may feel especially true during Virgo Season because Virgo and Pisces oppose one another. Lilith will oppose the Virgo Sun (September 6th), Virgo Mercury (September 5th), Virgo Venus (September 2nd), and Virgo Mars (September 9th), so the first 10 days of September or so come with some serious oppositional energy to Lilith (though Saturn will help sextile Lilith September 6th, which is a positive aspect; Saturn may try to stabilize things to keep it from getting out of control, but that will likely prove very difficult against the other personal planets ganging up!).

With this oppositional energy to Lilith, it's likely going to feel like we're rising up against something or someone, and the need to speak up and speak out can grow stronger. Fighting back may seem like something we absolutely must do, but we can encounter fierce opposition when we do. But we can fight back anyway! It's interesting because Virgo and Pisces are generally not the fighting types, so we may not lash out in irrational, physical ways. It may be more subtle, carefully crafted, or we may be spiritually guided, called to a mission, like this is what we're *meant* to do.

Your Lilith energy may come out in the areas of life ruled by the natal house transit Lilith is touring for you (find where 12-15 degrees Pisces falls). If Lilith will aspect any of your natal planets or house cusps, this may trigger your inner Lilith and set you off on a mission!

Planetary Movement During Virgo Season 2019

Mercury enters Virgo August 29th @ 3:47AM ET/12:47AM PT

Mercury goes into Virgo early in Virgo Season, joining Venus and Mars (who enter Virgo before Virgo Season starts!). This amplifies the Virgo energy even more, and we can feel so-oh Virgo! Mercury in Virgo can help us pay closer attention to the details, put together practical plans, and are more efficient with mental energy. We know what needs to be done and how to do it, and do it right so we don't have to do it again.

New Moon in Virgo August 30th @ 6:37AM ET/3:37AM PT

The Virgo New Moon (at 6 degrees 46 minutes) can help us to focus much more on the Virgo Season energy, and we can feel like we're *finally* getting back on track after the treacherous retrograde + eclipses of July. We can make plans and make lists, get organized and bring in some structure, order, and routine, and get things moving at a good pace. No longer sitting back, we're ready to make things move forward, pronto!

Aspects: 4 degrees 46 minutes - 8 degrees 46 minutes of Virgo (conjunction), Cancer or Scorpio (sextile), Gemini or Sagittarius (square), Taurus or Capricorn (trine), Pisces (opposition)

Note the house location and aspects of this New Moon and potential impact:

Full Moon in Pisces September 14th @ 12:33AM ET/September 13th 9:33PM PT

The Pisces Full Moon (at 21 degrees 5 minutes) can focus on endings, the things we need to finish, let go of, release, and do away with. This can help us make room for more productivity, and get rid of whatever is slowing us down and holding us back in unhealthy ways. We may be a little quieter with this Full Moon, and we can work on things on our own, in the background, when no one is looking. We may be extra sensitive with a watery Full Moon, so we may need to take care of ourselves and have healthy boundaries to keep others from taking advantage when we're vulnerable. That'll only serve to throw us off track - and we don't want that!

Aspects: 19 degrees 5 minutes - 23 degrees 5 minutes of Pisces (conjunction), Taurus or Capricorn (sextile), Gemini or Sagittarius (square), Cancer or Scorpio (trine), Virgo (opposition)

Make note of the house location and aspects made by this Full Moon and potential impact:

**Mercury Enters Libra September 14th @ 3:14AM ET/12:45AM PT +
Venus enters Libra September 14th @ 9:42AM ET/6:42AM PT**

Both Mercury and Venus enter Libra on September 14th (and come with the Pisces Full Moon!), and this can get us started focusing on the upcoming Libra Season. While Virgo is focused on work, Libra is focused on others, our relationships, the people in our lives, and wants us to come together. With Mercury in Libra, we can see both sides to situations much better, and work to be more diplomatic and charming in our communications with others. With Venus in Libra, a sign that Venus rules, we can feel more at ease in our relationships and enjoy time spent with others. We can be more committed to what we do, and we can find a better balance in life overall. We may feel that we've been super focused on work and tasks and chores, and we need to restore balance by giving more attention to the people and relationships we care about.

Saturn Direct September 18th @ 4:46AM ET/1:46AM PT

Saturn retrograde ends this Virgo Season on September 18th at 13 degrees 54 minutes Capricorn. Saturn will now move forward until next year. This can help us to feel a little less restricted, a little less overwhelmed, and a little less confined, and we can work to make progress more swiftly. We can see the direction that our lives are going in, and try to get back on track. A lot of this Virgo Season might be about getting back on track!

Aspects to Saturn direct: 10-16 degrees Scorpio or Pisces (sextile), Taurus or Virgo (trine) - these are all easy, positive aspects that can help you to stabilize and ground energy; Capricorn, (conjunction) Aries or Libra (square), Cancer (opposition) are hard aspects and can create extra frustration, restriction, and difficulties that need to be worked on in the right way, or where lessons need to be learned, before you can resolve them (check out the [Transit Saturn page](#) for more on transit Saturn aspects)
